# Project Recap

Social Buzz is a fast growing technology unicorn that need to adapt quickly to it’s global scale.
Accenture has begun a 3 month POC focusing on these tasks:

1. An audit Social Buzz’s big data practice
2. Recommendations for a successful IPO
3. Analysis to find Social Buzz’s top 5 most popular categories of content

# Problem

Over 100000 posts per day
36,500,000 pieces of content per year!

But how to capitalize on it when there is so much?

- Analysis to find Social Buzz’s top 5 most popular categories of content

# Summary

ANALYSIS

Animals and Science are the two most popular categories of content, showing that people enjoy “real-life”  and “factual” content the most.

INSIGHTS

Food is a common theme with the top 5 categories with “Healthy Eating” ranking the highest. This may give an indication to the audience within your user base. You could use this insight to create a campaign and work with healthy eating brands to boost user engagement.

NEXT STEPS

This ad-hoc analysis is insightful, but it’s time to take this analysis into large scale production for real-time understanding of your business. We can show you how to do this.

# Thank you!
